/ JIMMY JORGENSEN**

1. IT MAKES ME WONDER

it's dark here
this house holds a war
somehow my love
i just don't know war

come hide here
come live like a thief
somehow my love
i stole my own heart

like soldiers
who weep when it rains
somehow my love
we're in the wrong game

let's stay here
and waltz on our own
somehow my love
we've danced this floor down

it makes me wonder
why this house
does not have stars above
don't blame the blind boy
this dark night
just really wonder why

I've pushed you
but that made me fall
somehow my love
this house is falling

we bleed now
our skin seems so frail
at least my love
we're safe from boredom

chorus

2. RUN BROTHER RUN

don't mind my smile
it's not a smile at all
more from habit
it's just a way I have
it's not my smile at all
comes from nowhere

don't mind my talk
it's just a way I speak
more like lying
I don't know words like these
they're not my words at all
speak from nowhere

closer than veins
we share this skin
run brother run
if I tie you to sunlight
shadows still fall from
somewhere

don't mind my laugh
it's more a sound I make
more from tension
it's not from joy at all
it's not my laugh at all
sounds from nowhere

don't mind my tears
not even close to sad
more's the pity
I feel no pain at all
it's not my tears that fall
fall from nowhere

chorus

don't mind my dance
it's more a way i fall
close to fighting
I don't know feet like this
it's not my steps at all
moves from nowhere

chorus

3. DOGS

take this piece
this golden key
just one door
my princess find me

hold this light
you need not know
just how far their
dogs will go

take this rope
that hangs from my heart
walls like these
are built to scare you

quiet now
my golden piece
you came back
I always knew

**you cut my heart
come take all the rest
come kiss the part
like lovers do**

take this time
my gifted one
golden key
I see you lost it

take my hand
of broken bones
take my word,
I did not know

chorus

chorus

bless this night
it hides your scar
fools like us
always remain fooled

now they're here
I can't explain
why these dogs
all wear my face

chorus

**you took the part
that once was my heart
come kiss the part
like lovers do**

chorus

4. THE PALE BLUE DYE

heart dressed in satin
locked in this tower
born for more than this
time's on my side?
twice jumped the black moat,
fled, just to get what life
hides for me
born in the purple
blood like a faded and
pale blue dye

minds born this gifted
raised where the gold flows
I will get my share
my time will come
once crossed the red sea
swam, just to rescue what
drowned for me
looked for the holy,
found it was somewhere in
pale blue dye

I had it almost:
dogs on a gold chain
never liked me much
what do I care ?
twice left wide open
chain's still a chain though
when night steps in
eyes do the shouting
cry as I lie here in
pale blue dye

I say: tomorrow
start of a new day
born to conquer land
not bars like this
once captured Warsaw
almost in Russia
when light went wrong
so judge me tomorrow
wait as I throw down this
pale blue dye

locked in this dungeon
spoons far from silver
I'll come back one day
trust me I will
once you adored me
now, you come up here
just to get my skull
so small as you hold it
drips with a faded and
pale blue dye

5. SHAME

fear me
you walk my dark streets
I'm far from speechless
could be your Angel

fear me
for I'm not deafblind
I've seen the unseen
I've heard the unsaid

I, I am your angel
it's such a shame dear,
that I can't fly

fear me
I've seen the bloodstain
I'll name the nameless
could be your Jesus

fear me
this crown of thorns dear
could run your veins dry
could be your Judas

chorus

time, trades love for lovers
it's such a shame dear,
that eyes do see

chorus

6. THIS FALL

let go my angel
take off your ring
what good will diamonds do
this day?
fall
just take off your crown
your sceptre and seal
this fall

let go my satan
take off your wing
you never looked this nude
before
fall
come climb down your throne
leave silver and gold
this fall

let go your kingdom
let go your reign
your precious stones won't shine
in here
fall
your ermine looks pale
unbutton your cape
this fall

let go my boredom
let's walk your maze
I see you're hunting still
this night
fall
your horses look lean
(so) it's true what they say
this fall

maybe you don't care
here is my time
I'll wait here silently

I'll wear your gold ring this fall
I'll breath the dust from your crown
I'll thaw the ice when spring comes
like you I've changed much this fall

7. SWAY

this sea looks old
how come we're here?
with feet all dressed,
in metal blades
this way, we'll get out

come hold my hand
like lovers do
pretend we are,
close my dear
this way, we'll get out

sway, sway, sway
I waltz you carefully

you're dancing still
like dancers do
your golden skin,
clowns the eye
this way we'll get out

stay close this night
like treasures do
so quiet here,
hardly fear
this way, we'll get by

we're standing still
like shoots for sun
I watch you fall,
hear you say
this way, we'll get down

chorus

you're almost gone
like chalk in rain
what can I say:
run my dear
this way, you'll get out

chorus

8. I'M A FOOL TO WANT YOU

I'm a fool to want you
I'm a fool to want you
to want a love that can't be true
a love that's there for others too

I'm a fool to hold you
such a fool to hold you
to seek a kiss not mine alone
to share a kiss that devil has known

Margrethe Björklund

time and time again I said I'd leave you
time and time again I went away
but then would come the time when
I would need you
and once again these words I had to say

I'm a fool to want you
pity me I need you
I know it's wrong, it must be wrong
but right or wrong I get along
without you

By J. Wolf / Herron / Frank Sinatra

9. HANOI

what did you see today?
some saw beauty

what did you leave behind?
some say beauty

for what my love, for what?

for who my love, for who?
who will touch you?

who did you feed today?
some fed loved ones

what left those scars on you?
some say loved ones
